Safety Data Sheet (SDS)

Glacier Clear Thin High Density Fiberboard

1. Identification

TRADE NAME(S): Glacier Clear Thin High Density Fiberboard

SYNONYMS and/or GRADES:

2. Hazard(s) Identification (cont'd.)

Skin Irritation Category 2 (H315)	Causes skin irritation	
Specific Target Organ Toxicity- Single Exposure (STOT) Category 3 (H335)	May cause respiratory irritation	
Eye Irritation Causes eye irritation Category 2B (H320)		None
Combustible Dust (OSHA Defined Hazard)	If converted to small particles during further processing, handling, or by other means, may form combustible dust concentrations in air	None

^{*}Hazard codes (GHS)

HMIS Rating (Scale 0-4): Health = 2^* Fire = 1 Physical Hazard = 0 NFPA Rating (Scale 0-4): Health = 1 Fire = 1 Reactivity = 0

Precautionary Statement(s):

Prevention Statements:

P202:

3. Composition/Information on Ingredients

Ingredients	CAS#	Wt.%
Wood (wood dust, softwood or hardwood)	None	93-97
Resin solids: Polymeric Diphenylmethane		
Diisocyanate ¹	101-58-8	3-5
[C ₆ H ₃ (NCO)CH ₂] n (reacted)		
	0.4=40	

8. Exposure Control Measures/Personal Protection (cont'd.)

Personal Protective Equipment:

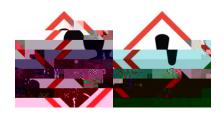

RESPIRATORY PROTECTION – Use filtering face piece respirator ("dust mask") tested and approved under appropriate government standards such as NIOSH (US),CSA (Canada), CEN (EU), or JIS (Japan) if exposure limits may be exceeded or for additional worker comfor4 (i)3.10-8 (pos)-814 (i)3.10-8 (pos)-814 (a)

12. Ecological Information

Ecotoxicity: NAV for finished product. **Biopersistance and Degradability:** The wood in this product would be expected to be biodegradable.

Polymeric MDI

Glacier Clear Thin High Density Fiberboard

Danger

Wood dust may cause nasopharyngeal cancer and/or cancer of the nasal cavities and paranasal sinuses by inhalation. May cause respiratory, skin and eye irritation.

May form combustible dust concentrations in air if small particles are formed during processing or handling.

Precautions:Do not handle until all safety precautions have been read and understobsæloutdoors or in a wellventilated area. Avoid breathing dust and appropriate protective equipment for respiratory, skin or eyexposures Prevent dust release and accumulations to minimize hazaītake off contaminated clothing and wash before reuse. Keep dust away from ignition sources such as heat, sparks, and flame

First Aid:

<u>If in eyes</u> rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Ottinue rinsing. Contact a qualified medical professional if symptoms persist.

If on skin wash with soap and water. If skin irritation or rash occurs, get medical advice/attention.

<u>Inhalation</u>, if experiencing respiratory symptoms, remove to fresh air. Contact a qualified medical professional for serious or persistent respiratory symptoms.
